

# Create Your Unique AJ2025 Award !

Hey Patrol Leaders!

As you explore the Jamboree and dive into exciting activities, you'll have the chance to craft something truly special – your own AJ2025 award! This isn't just any award; it's a reflection of your adventure, skills, and creativity.

What Makes Up the Award? Your award will be made from:

- Leatherwork
- Paracord
- Laser etching
- Leather press
- Decorative beads

**How Does It Work?** Throughout your Jamboree journey, you'll collect each of these components during different activities. Keep them safe – they're the key to building your masterpiece!

**Make It Your Own!** Here's the fun part – there are no rules on how you build your award. Want to make a necklace to show off your achievements? Go for it! Prefer crafting a sleek woggle or a cool keychain? The choice is yours. Let your imagination lead the way.

**The Power of Beads!** Your AJ2025 passport will guide you in earning and collecting decorative beads. Each bead will be a different colour – and you can trade with other Scouts to collect the colours you love. Why not aim for a rainbow of memories?

**Help Your Leaders Shine!** Your Unit Leaders will receive their own Keepsake Award kit. Be the hero and help them design something just as unique as yours.

Get ready to create an award that tells the story of your Jamboree adventure. Start collecting, start crafting, and most importantly, have fun!
